

Rénibus Therapeutics to Present Phase 1b Data on RBT-1 at Acute Kidney Injury & Continuous Renal Replacement Therapy 2021 Conference

DALLAS, Texas, Feb. 25, 2021 (GLOBE NEWSWIRE) -- Rénibus Therapeutics, Inc., a clinical-stage biotech company focusing on the prevention, treatment, and diagnostic testing of kidney disease, announced today that it will present Phase 1b clinical trial data on RBT-1, its investigational treatment for the prevention of acute kidney injury (AKI), at the Acute Kidney Injury & Continuous Renal Replacement Therapy (AKI & CRRT) 2021 Conference, taking place virtually from February 28-March 5, 2021.

The presentation will highlight safety data and biomarker responses in healthy volunteers and patients with chronic kidney disease (CKD). An ePoster will be available for viewing throughout the virtual conference, and the oral presentation will be provided by Richard Zager, MD, professor of medicine at the University of Washington, Seattle, on March 1, 2021 at 10:15 AM PST.

Rénibus Therapeutics presentation during AKI & CRRT
